

## Advantages for the consumer:

### Fast, uninterrupted ironing.

No more waiting thanks to the removable water tank and rapid-heating system.

### Right to the heart of the fiber.

The extra fine steam penetrates the fiber, leaving the material flat, smooth and dry.

### Breathtaking!

With the blower your clothes will float, chasing away wrinkles.

### What suction!

With the vacuum your tailored garments will lie flat on the ironing board, just the way you want.

### It bows down before you.

It folds down forwards, thanks to a second hinge on the ironing board legs: a world first.

### Freedom of movement.

A rounded soleplate smoothes out the material in all directions, without causing unwanted creases.

### Special care for all types of fabric.

The special soleplate reduces the heat, so that it doesn't stick and garments are never shiny.

# MAGIC S4

## Technical specifications

Steam pressure	3.5 bar (double volume)
Steam droplets	microfine
Blower/vacuum	silent
Power, fan	16VA, 2 speeds
Ironing time	unlimited
Heating time	fast, 5 minutes
Water tank capacity	removable, 1 Qt.
Antiscale and salt	intergrated AQUA filter
Mobility	2 pairs of integrated wheels
Ironing board height	6 positions, 32 -40 in
Dimensions (L x W x H)	54 x 16 1/2 x 8 in
Power, appliance	1800W
Total weight	42 lbs
Country of origin	Switzerland
Limited Warranty	2 years
Accessories included	board cover drain tray cord holder SOFTPRESSING soleplate
